## How Many Beats?

Complete this table by writing the value of each note or group of notes in CROTCHET beats. Some of them will be fractions!

| $\infty$ | $=$ | 0 | = | $\stackrel{3}{0}$ |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| $\bigcirc$ | $=$ | 4 | $=$ | 0 | = |
|  | $=$ |  | $=$ | "000 | = |
| 3 | $=$ |  | $=$ | $0$ | = |
| $\sqrt{6}$ | $=$ |  | $=$ | \% | = |
| $=$ | $=$ | $\%$ | $=$ | -. ${ }^{\text {d }}$ | $=$ |
| - | $=$ |  | $=$ | $\sqrt{0000}$ | $=$ |
| $\sqrt{0}$ |  | 0 | $=$ | O. | $=$ |

And here, write the correct amount of QUAVER beats. Again, watch out for fractions!

|  | $=$ | $\bigcirc$ | $=$ | $\sqrt{0}$ | $=$ |
| :---: | :---: | :---: | :---: | :---: | :---: |
| $\bigcirc$ | $=$ | 4 | $=$ | - | $=$ |
| $\xi$ |  |  | $=$ | 0 | $=$ |
